

REMARKS / ARGUMENTS

In the Office Action of September 10, 2007, made final, the Examiner indicated that claims 8-11 and 15-17 were allowable. Applicant has therefore amended the claims to put this application into an allowable form. Amended claim 1 now includes the limitations of claim 7 and allowable claim 9, both of which have been canceled. Allowable claim 8 has been re-written in independent form by adding the limitations of preceding claims 7 and 1. Allowable claim 15 has also been re-written in independent form by adding the limitations of preceding claim 1. The remaining claims should also be allowable as being dependent on allowable base claims.

It is believed that all of the examiner's requirements have been dealt with to put the claims in allowable form, and that this application, as amended, is therefore in condition for allowance. Applicant respectfully requests that a timely Notice of Allowance be issued for this application.

Respectfully submitted,
